

**Solicitation Number 2020-30**  
**Invitation to Bid for Sierra Wireless MG90 Routers**  
Addendum 2 – September 4, 2020

---

Questions:

1. **With this being a dual radio, shouldn't the request be for 120 antennas since there will be 60 routers?**

No, we are only requesting one antenna per router.

2. **Will C-TRAN accept the Mobile Mark antenna part number LTMG602-3C3C3J3J2C-BLK-180 as an approved equal?**

C-TRAN staff have evaluated the requested Mobile Mark antenna. Unfortunately, due to the installation location of the router on the bus chassis, the 15-foot lead of the Mobile Mark antenna will result in installation difficulties and considerable additional labor time. For these reasons, we are unable to accept it as substitute for the Sierra Wireless antenna.
